**For your safety and the safety of others,
memorize and always observe these rules.**

GUN SAFETY RULES (THE BIG FOUR)

1. **All** guns are always loaded.
2. **Never** let the muzzle cover anything you are not willing to destroy.
3. **Keep** your finger off the trigger until your sights are on the target (and you have made the conscious decision to shoot).
4. **Be** sure of your target. (Know what it is, what is in line with it, and what is beyond. Never shoot anything you haven't positively identified.)
